## Spiritualism

As defined by NSAC (National Spiritualist Association of Churches)

*Spiritualism* is the Science, Philosophy and Religion of continuous life, based upon the demonstrated fact of communication, by means of mediumship, with those who live in the Spirit World.

*Spiritualism* is a *Science* because it investigates, analyzes and classifies facts and manifestations demonstrated from the spirit side of life.

*Spiritualism* is a *Philosophy* because it studies the Laws of Nature both on the seen and unseen sides of life and bases its conclusions upon present observed facts. It accepts statements of observed facts of past ages and conclusions drawn therefrom, when sustained by reason and by results of observed facts of the present day.

*Spiritualism* is a *Religion* because it strives to understand and to comply with the Physical, Mental and Spiritual Laws of Nature, which are the laws of God.

A *Spiritualist* is one who believes, as the basis of his or her religion, in the communication between this and the Spirit World by means of mediumship and who endeavors to mold his or her character and conduct in accordance with the highest teachings derived from such communication.
